

Doctor's Approach - March 2017 Insider News

Doctor's Approach In The Community

We had a wonderful time talking skin health and wellness with East Lansing Primetime Seniors. Nurse Practitioner Mary Murray discussed topics ranging from skin cancer to skin health. The group was so great and we can't wait to see everyone again soon. Learn more about [Prime Time Seniors.](#)

Will you be ready when it starts to heat up?

It still may be cold outside but Summer is fast approaching! Join us March 16th for our 3 Months To Your Hottest Summer Event and learn how you can get a head start on becoming Summer ready. We'll help you create your Summer ready plan plus giveaways, door prizes, food, and great savings on Med Spa services and products. [Join us March 16th from 5-6:30pm](#) to start heating things up.

New Patient Portal

An exciting leap forward in dermatology health care information.

Patient Portal Allows You To:

- Send secure messages
- Receive secure messages
- View lab results
- View pathology results
- View office notes

Patients with a valid email address with our office will receive an email invitation link to register for Modernizing Medicine patient portal. If you have received your link you can sign in below.

[Click Here To Access Patient Portal](#)

If you previously had a FollowMyHealth patient portal account with Doctor's Approach, please note effective immediately you will no longer be able to communicate with our office through that portal. Your health care information will be securely transferred to the new portal within the next few weeks.

We are very excited to offer this updated technology specifically for dermatology and give our patients secure access to their dermatology health care.
